

# THE 2020 SHARE CONFERENCE IS ALMOST HERE!

The 2020 [SHARE conference](#) is almost here! We are just under a week away from one of the best conferences for mainframe education, networking, and innovation. This year Fort Worth, Texas will be hosting, and you don't want to miss it! Join BMC and SHARE to learn about mainframe security and hardware, cloud technology in the enterprise, data privacy, API economy, Zowe, and more.

Starting on Monday, February 24th, BMC will be leading several technical sessions showing you how to simplify, optimize, and get the most out of your mainframe. Come visit with our BMC experts in the following sessions:

- Session 26597: [Security Opening – Five Keys to Mainframe Security Processes in a Hybrid IT Environment](#)
- Session 26565: [DevOps and IMS: New Change Management in an IMS Environment](#)
- Session 27117: [PSP: Modernizing Mainframe Security for the Future](#)
- Session 26849: [Women in IT: The Technical and Business Vision of Women Creating the Mainframe Industry of Tomorrow](#)
- Session 26845: [Lean Mean Machine – Keeping the Lights on for Agile/DevOps](#)
- Session 26848: [Db2 Database DevOps – “The Last Mile” of Database Schema Changes](#)
- Session 26387: [Hiperdispatch – SLA Improvements and MSU Reductions](#)
- Session 26124: [CICS Storage Management: Memories from Below-the-Line to Above-the-Bar](#)
- Session 26243: [Innovative Customer Solutions to IMS Challenges](#)
- Session 27108: [LNL: Automated Mainframe Intelligence for Monitoring, Db2, IMS, Capacity, and Security](#)

- Session 26566: [Working on a Global Team: Success is Within Your Reach](#)
- Session 26114: [CICS Question Box and Pot Luck](#)
- Session 26863: [The Seven Habits of a Highly Effective Test Environment](#)
- Session 26810: [Diagnosing TLS and AT-TLS Handshake Failures on z/OS](#)

On Thursday, February 27th, BMC is hosting the [Lunch and Learn session](#), "Automated Mainframe Intelligence for Monitoring, Db2, IMS, Capacity, and Security." Join BMC expert, Steve Solomon, to hear more about two new mainframe solutions to help better manage Db2 and IMS, updates on our new BMC AMI Capacity Management solution, and review how to protect your mainframe with AMI for Security.

BMC is a proud Gold sponsor for SHARE Fort Worth. You can find us at Booth #506. Come chat with BMC mainframe experts about your challenges, questions, and experiences, and learn how BMC can help you run and reinvent your mainframe!
